Subject : Study material for students of YCTC

Sir,

We would like to express our gratitude for your initiative in preparing common study materials for students of Youth Computer Training Centers. The study materials prepared and uploaded by Hewlett Packard Enterprises are now available for download from the EEAS portal.

To enhance student preparedness, we believe it would be advantageous for each student to receive a printed copy of the study material. This facility would greatly benefit the students of Youth Computer Training Centers. We kindly request you to issue necessary instructions so that all YCTCs can provide printed copies of the study materials to their students, with the cost to be recovered from them. To ensure distribution to each student, a system of credit will need to be developed in EEAS portal. The credits can be availed by YCTCs by scanning the study material invoice and then be mandatorily used to register students on EEAS

platform before assessment. This would ensure each student has got their copy of printed study material.

The Joint Council is willing to print the study materials in bulk and distribute them to our member YCTCs, minimizing costs and maintaining the quality as per the design and content developed by Hewlett Packard Enterprises.

Sabyasachi Basu
President

We look forward to your approval and the issuance of necessary instructions to implement this process.

Indraneel Choudhury
Secretary

Thanking you,

Yours truly,

Sudipta Neogi
